"You stay right here until I get back," he told him. "In an hour and a half I will take you to the Supreme Court and you will be free. And don't pay the dollar."

"I can't," snswered Socklow. "I have no money. I am a poor, sick man."

The writ was rushed through, and the attorney at once returned to the magistrate's court. He found Socklow on the sidewalk. The magistrate, clerks and court attendants had left, and the fine was paid.

Socklow was taken to the law office of Mr. Levy, at 32 Court Street, where the attorney and Nathan Finkelstein, the head of the peddlers' association, questioned him at length, but could not make him reveal the person who had paid the fine. The peddlers were considerably stirred up about the affair because they were anxious to have the case taken to the higher court, where they felt sure their argument that the supervisors had no right to that the supervisors had no right to collect the \$1 fee, since they were not appointed to their positions according to the provisions of the law, would be expected.

Mr. Levy said that the unaccountable behavior of Socklow had killed his whole plan of action. The men who had refused to pay the \$1 fee to the aupervisors, he said, would pay it for the time being and he expected that the Department of Markets would allow them to return to their pasts. Justice E. I. Edge-comb in the criminal

against the defendants could be obtained by another trial.

The complainant, Mrs. Elizabeth

plea the indictment was found last February, is the wife of Bruno Schill, former secretary to Mrs. Aimee Crocker
Gourand, Mrs. Schill had broaght suit

of the alleged attempt of Ostro and

dropping the suit.
